# OVERVIEW

Based in Rome, with excursions to other cities, this immersive two-week program blends expert-led lectures with guided tours of markets, botanical gardens, vineyards, and historic sites. Learn from guest speakers and local organizations like the FAO and European Institute of Innovation for Sustainability (EIIS), while discovering how Italy's culture, art, and environment shape its food systems. With daily huddles, cultural outings, and time for personal exploration, this program offers a rich blend of academic credit and unforgettable experience.

**APPLICATION DEADLINE: JANUARY 15, 2026**
